"We are pleased by our performance in the third quarter, underscored by strong growth in both recurring revenue and gross domestic recurring billings over the second quarter of 2020, commensurate with broader trends in regional recovery. We are confident that these results demonstrate the measures we implemented in 2018 – to strategically focus on driving recurring revenue – are resonating once again, picking up from the meaningful momentum that we built in 2019," said Dr. Dolev Rafaeli, Chief Executive Officer of STRATA Skin Sciences.

Dr. Rafaeli continued, "While we are encouraged by these positive trends, we remain cautiously optimistic with variability expected from COVID-19 resurgences and rising cases across the U.S. and the world. Despite this continued level of uncertainty, we remain confident in the core strength of our business and the resiliency of our team and partner clinics. We believe that we are strategically poised to deliver durable growth over the long term, as we continue to lead the way for improved patient care with XTRAC."

#### **Third Quarter 2020 Financial Results**

Revenues for the third quarter of 2020 were \$5.6 million, as compared to revenues of \$7.5 million for the third quarter of 2019. Recurring revenues for the third quarter of 2020 were \$3.8 million, as compared to recurring revenues of \$6.0 million for the third quarter of 2019. Equipment revenues were \$1.8 million for the third quarter of 2020, as compared to \$1.5 million for the third quarter of 2019.

Gross profit for the third quarter of 2020 was \$3.2 million, or 57.5% of revenues, as compared to \$4.6 million, or 61.8% of revenues, for the third quarter of 2019. Gross profit on recurring revenues for the third quarter of 2020 was \$2.5 million, or 64.3% of revenues, as compared to \$4.0 million, or 67.2% of revenues, for the third quarter of 2019. The decrease in gross profit is the result of lower sales due to the COVID-19 pandemic, fixed costs in manufacturing and the impact of the change in deferred revenues.

Selling and marketing costs for the third quarter of 2020 were \$2.1 million, as compared to \$2.9 million for the third quarter of 2019, primarily as a result of lower tradeshow costs, travel costs, compensation costs and direct to consumer advertising costs. General and administrative costs for the third quarter of 2020 were \$1.9 million, as compared to \$2.2 million for the third quarter of 2019, as a result of lower legal, accounting and consulting costs partially offset by higher insurance and stock compensation costs. Other expense for the third quarter of 2020 was \$21,000, compared to \$153,000 for the third quarter of 2019, as a result of lower interest expense due to refinancing of the Company's long-term debt in December 2019.

Net loss for third quarter 2020 was \$1.3 million, or a loss of \$0.04 per basic and diluted common share, as compared to the net loss for the third quarter of 2019 of \$0.9 million, or a net loss of \$0.03 per basic and diluted common share.

The Company's reference to these non-GAAP measures should be considered in addition to results prepared under current accounting standards, but is not a substitute for, nor superior to, GAAP results.
