Conference call and webcast, today at 8:30 am Eastern Time

HORSHAM, Pennsylvania August 11, 2020 (GLOBE NEWSWIRE) -- STRATA Skin Sciences, Inc. (NASDAQ: SSKN) ("STRATA"), a medical technology company in Dermatology and Plastic Surgery dedicated to developing, commercializing and marketing innovative products for the treatment of dermatologic conditions, today reported financial results for the quarter ended June 30, 2020.

"While our overall second quarter revenue performance reflects the impact of the COVID-19 global pandemic, we are encouraged by the monthly improvement in our recurring revenue business, which follows the gradual reopening of clinical practices, domestically and internationally," said Dr. Dolev Rafaeli, Chief Executive Officer of Strata Skin Sciences.

Second Ouarter Revenue and Business Highlights

- Total revenue for the second quarter of 2020 was \$4.0 million, a decrease of 47.8% over total revenues for the second quarter of 2019 as our revenue was impacted by the COVID-19 global pandemic.
- Total global XTRAC® recurring revenue in the second quarter of 2020 was \$2.8 million, a decrease of 52.1% over second quarter 2019 total global XTRAC recurring revenues.
- Total gross margins and recurring gross margins were 48.7% and 51.2%, respectively, a decrease of 14.9% and 19.1%, respectively, as compared to second quarter 2019.
- Net loss was \$1.7 million, an increase of 55.3% from a net loss of \$1.1 million in the second quarter 2019.
- Domestic and International recurring installed base of 789 and 17 XTRAC devices, respectively, a decrease of 33 and an increase of 1, respectively.
- Cash and cash equivalents and restricted cash at June 30, 2020 was \$18.6 million.
- During the second quarter the Company received a \$2.0 million forgivable loan under the SBA Payroll Protection Plan (the "PPP loan") and estimates approximately 80% will be forgiven based on current guidelines.
- During the second quarter the Company also received \$500 thousand in loan proceeds from the SBA under the Economic Injury Disaster Loan program (the "EIDL loan").
- Saw the publication of a physician-sponsored, peer reviewed study entitled: "308-nm Excimer Laser Plus Platelet-Rich Plasma for Treatment of Stable Vitiligo: A Prospective, Randomized Case—Control Study" in the journal Clinical, Cosmetic and Investigational Dermatology. The randomized study, conducted at the Xian Vitiligo Specialist Hospital in China, evaluated the XTRAC Velocity 400i-308 nm excimer laser therapeutic system plus PRP in the treatment of vitiligo patients. Results of the 60 patient trial reaffirmed that the effect of PRP combined with XTRAC on stable vitiligo is significantly better than that of PRP or 308 nm excimer laser alone.
- The Company entered into a Settlement Agreement and Release with Ra Medical Systems, Inc. ("Ra Medical"), under which the Company and Ra Medical agreed to dismiss all pending lawsuits between the parties with prejudice, each party releases the opposing parties from any and all claims, demands, and causes of action.

"While COVID-19 has impacted our revenue, our business has shown its resiliency and our fundamental trends are moving in the right direction as patients return to clinics. We are seeing month to month growth in our gross domestic recurring billings from April through July of \$466 thousand, \$633 thousand, \$749 thousand and \$1.4 million, respectively, with the Midwest and Southeast at or in excess of July 2019 gross billings. Our Patient Outreach Program has been instrumental in driving patients into our partner clinics but we do anticipate some unevenness on our path to full utilization as COVID hotspots will impact our localized partner clinics and their ability to return to normal operations," stated Dr. Rafaeli. "We increased our overall cash position by \$3 million in the second quarter compared to the first quarter and have \$11.2 million in unrestricted cash. Internationally, we are observing similar trends and anticipate international placements and equipment sales to increase as markets open up further."

Dr. Rafaeli concluded, "We firmly believe in our strategy and in the long-term prospects of the business. Being a solution to both patients and physicians in their search for a safe and effective treatment option for psoriasis and vitiligo resonates in the feedback we are receiving from our physician partners, and ensures XTRAC will be an important part of the recovery of our partner practices."

* Gross Domestic Recurring Gross Billings is a non-GAAP financial measure. For more information, see "Reconciliation of Non-GAAP Measures" below.

Reported Financial Results

Revenues for the second quarter of 2020 were \$4.0 million, as compared to revenues of \$7.7 million for the second quarter of 2019. Equipment revenues were \$1.2 million for the second quarter of 2020, as compared to \$1.9 million for the second quarter of 2019. The COVID-19 pandemic has had a negative impact on the Company's results for the first and second quarter of 2020, and the Company expects it will have a negative impact on its revenue for as long as the pandemic continues.

Revenues for the six months ended June 30, 2020 were \$10.8 million, as compared to revenues of \$15.2 million for the six months ended June 30, 2019.

Gross profit for the second quarter of 2020 was \$2.0 million, or 48.7% of revenues, as compared to \$4.9 million, or 63.6% of revenues, for the second quarter of 2019. Gross profit on recurring revenues for the second quarter of 2020 was \$1.4 million, or 51.2% of revenues, as compared to \$4.1 million, or 70.3% of revenues, for the second quarter of 2019. The decrease in gross profit is the result of lower sales due to the COVID-19 pandemic, fixed costs in manufacturing and lower production.

Gross profit for the six months ended June 30, 2020 was \$6.4 million, or 59.1% of revenues, as compared to \$9.5 million, or 62.6% of revenues.

Selling and marketing costs for the second quarter of 2020 were \$1.4 million, as compared to \$3.0 million for the second quarter of 2019, primarily as a result of lower tradeshow costs, compensation costs, and direct to consumer advertising costs. General and administrative costs for the second quarter of 2020 were \$1.9 million, as compared to \$2.7 million for the second quarter of 2019, as a result of lower legal, accounting and consulting costs. Other expense for the second quarter of 2020 was \$18 thousand, compared to \$145 thousand for the second quarter of 2019 as a result of lower interest expense due to refinancing of our long-term debt in December 2019.

Net (loss) for second quarter 2020 was \$(1.7) million, or \$(0.05) per basic and diluted common share, as compared to the net (loss) for the second quarter of 2019 of \$(1.1) million, or \$(0.03) per basic and diluted common share.

Net (loss) for the six months ended June 30, 2020 was \$(2.7) million, or \$(0.08) per basic and diluted share, as compared to the net loss for the six months ended June 30, 2019 of \$(2.4) million, or \$(0.07) per basic and diluted common share.

Reconciliation of Non-GAAP Measures

To supplement the Company's consolidated financial statements, prepared in accordance with accounting principles generally accepted in the United States of America ("GAAP"), the Company provides certain non-GAAP measures of financial performance, including non-GAAP adjusted EBITDA and Gross Domestic Recurring Gross Billings.

The Company's reference to these non-GAAP measures should be considered in addition to results prepared under current accounting standards, but is not a substitute for, nor superior to, GAAP results. These non-GAAP measures are provided to enhance investors' overall understanding of our current financial performance and to provide further information for comparative purposes.

Specifically, the Company believes the non-GAAP measures provide useful information to both management and investors by isolating certain expenses, gains and losses that may not be indicative of the Company's core operating results and business outlook. In addition, the Company believes non-GAAP measures enhance the comparability of results against prior periods.
