Emerging growth company

If an emerging growth company, indicate by check mark if the registrant has elected not to use the extended transition period for complying with any new or revised financial accounting standards provided pursuant to Section 13(a) of the Exchange Act.

Item 5.02. Departure of Directors or Certain Officers; Election of Directors; Appointment of Certain Officers; Compensatory Arrangements of Certain Officers.

On May 10, 2017 James Coyne accepted the invitation extended to him on May 2, 2017 by the Board of Directors of STRATA Skin Sciences, Inc. (the "Company") to become a member of the Company's Board of Directors. In addition to his regular duties as a Board member, Mr. Coyne will serve as a member of the Board's Compensation Committee. Mr. Coyne is currently the CEO of Modevity LLC, a software company he founded in 2004, and which produces the ARALOC™, a market leading digital content distribution program.

The appointment of Mr. Coyne took place on the same day that the Company accepted the resignation of Dr. R. Rox Anderson from his position as a Board member and member of the Board's Audit Committee. Even though the demands on his time from his professional obligations made it untenable for Dr. Anderson to continue to serve as Board member and member of the Audit Committee, he intends to remain directly involved with the Company as the head of its newly reconstituted Scientific Advisory Board.

Ms. Luann Via, a long-standing member of the Company's Board, has become a member of the Audit Committee.

In connection with this event, the Company issued a press release, a copy of which is attached as Exhibit 99.1 and is incorporated herein by reference.

STRATA Skin Sciences, Inc. Announces the Appointment of James L. Coyne to its Board of Directors

Dr. R. Rox Anderson Steps Down as Board Member and will head the STRATA Skin Sciences, Inc. Scientific Advisory Board

Horsham, PA – May 10, 2017 -- STRATA Skin Sciences, Inc. (NASDAQ: SSKN) ("STRATA"), a medical technology company in Dermatology and Plastic Surgery dedicated to developing, commercializing, and marketing innovative products for the treatment of dermatologic conditions, announced the appointment of James L. Coyne to its Board of Directors. STRATA's product offerings include the XTRAC excimer laser, the STRATApen MicroSystem, and the Nordlys multi-technology aesthetic laser.

Jeffrey F. O'Donnell, Chairman of the STRATA Board, stated, "We are excited to have Jim Coyne join as our newest Board member. Jim has over 20 years of experience as both a CEO and an entrepreneur having successfully guided the development, growth and exits of several products and companies. As the Chief Executive Officer for privately held Modevity, LLC, Jim has provided leadership and vision in developing Modevity's software products, including those in the life sciences and education fields."

Mr. O'Donnell continued, "Jim's breadth of experience and knowledge in marketing and selling technology products and services will bring a tremendous advantage to STRATA as we continue our growth to be the business partner of choice to physicians in the dermatologic, cosmetic and aesthetics fields."

Mr. O'Donnell also stated, "We are sorry that the demands of Dr. Anderson's professional duties no longer allow him the time he would like to devote to STRATA as a member of our Board of Directors. However, at the same time we are excited to have such a world-renowned expert in the fields of dermatology and photomedicine head up our newly reconstituted Scientific Advisory Board. Dr. Anderson's experience with XTRAC goes back many years, and he led the team that developed the first XTRAC system at Massachusetts General Hospital. He has been at the forefront of a number of major discoveries and developments in the science of photomedicine."
